REDEMPTION PROCESS

- Please scan the QR code as printed on the pack and you will be taken to a dedicated website.
- An alphanumeric number is printed on the inside of the pack
- Once re-directed to the website, please enter all the details as mentioned like Unique code, Name, E mail ID, Mobile Number, City of Purchase etc.
- After filling all the details please click on the submit button.
- RewardPort will verify the details submitted. Once verified and if found to be correct, an OTP will be sent to the customer on their registered mobile number and e-mail id. This process will take around 24 to 48 hours.
- The customer needs to visit the 'claim' tab on the same website, enter the OTP and select the mode in which the cashback is required. It would be either Paytm wallet/UPI ID/Amazon Pay and click on the submit button.
- One customer can redeem maximum of 2 unique code per mobile number. In case the details are submitted for more than 2 redemptions on same mobile number, the claim will be not be processed
- The cash back will be credited to the mode/account as submitted within 48 hours
- In case your Paytm wallet/UPI ID/Amazon pay is blocked due to any reason then the amount will not be credited to the customer's account and no further claim will be considered.
- Details once submitted cannot be changed or altered.
